

2012-2016 State Plan Process

STATE PLAN INPUT

July 15, 2010

2012-2016 State Plan Survey Responses

In March and April, the Council sent out an invitation to the public regarding priorities for the state plan.

We asked survey respondents to :

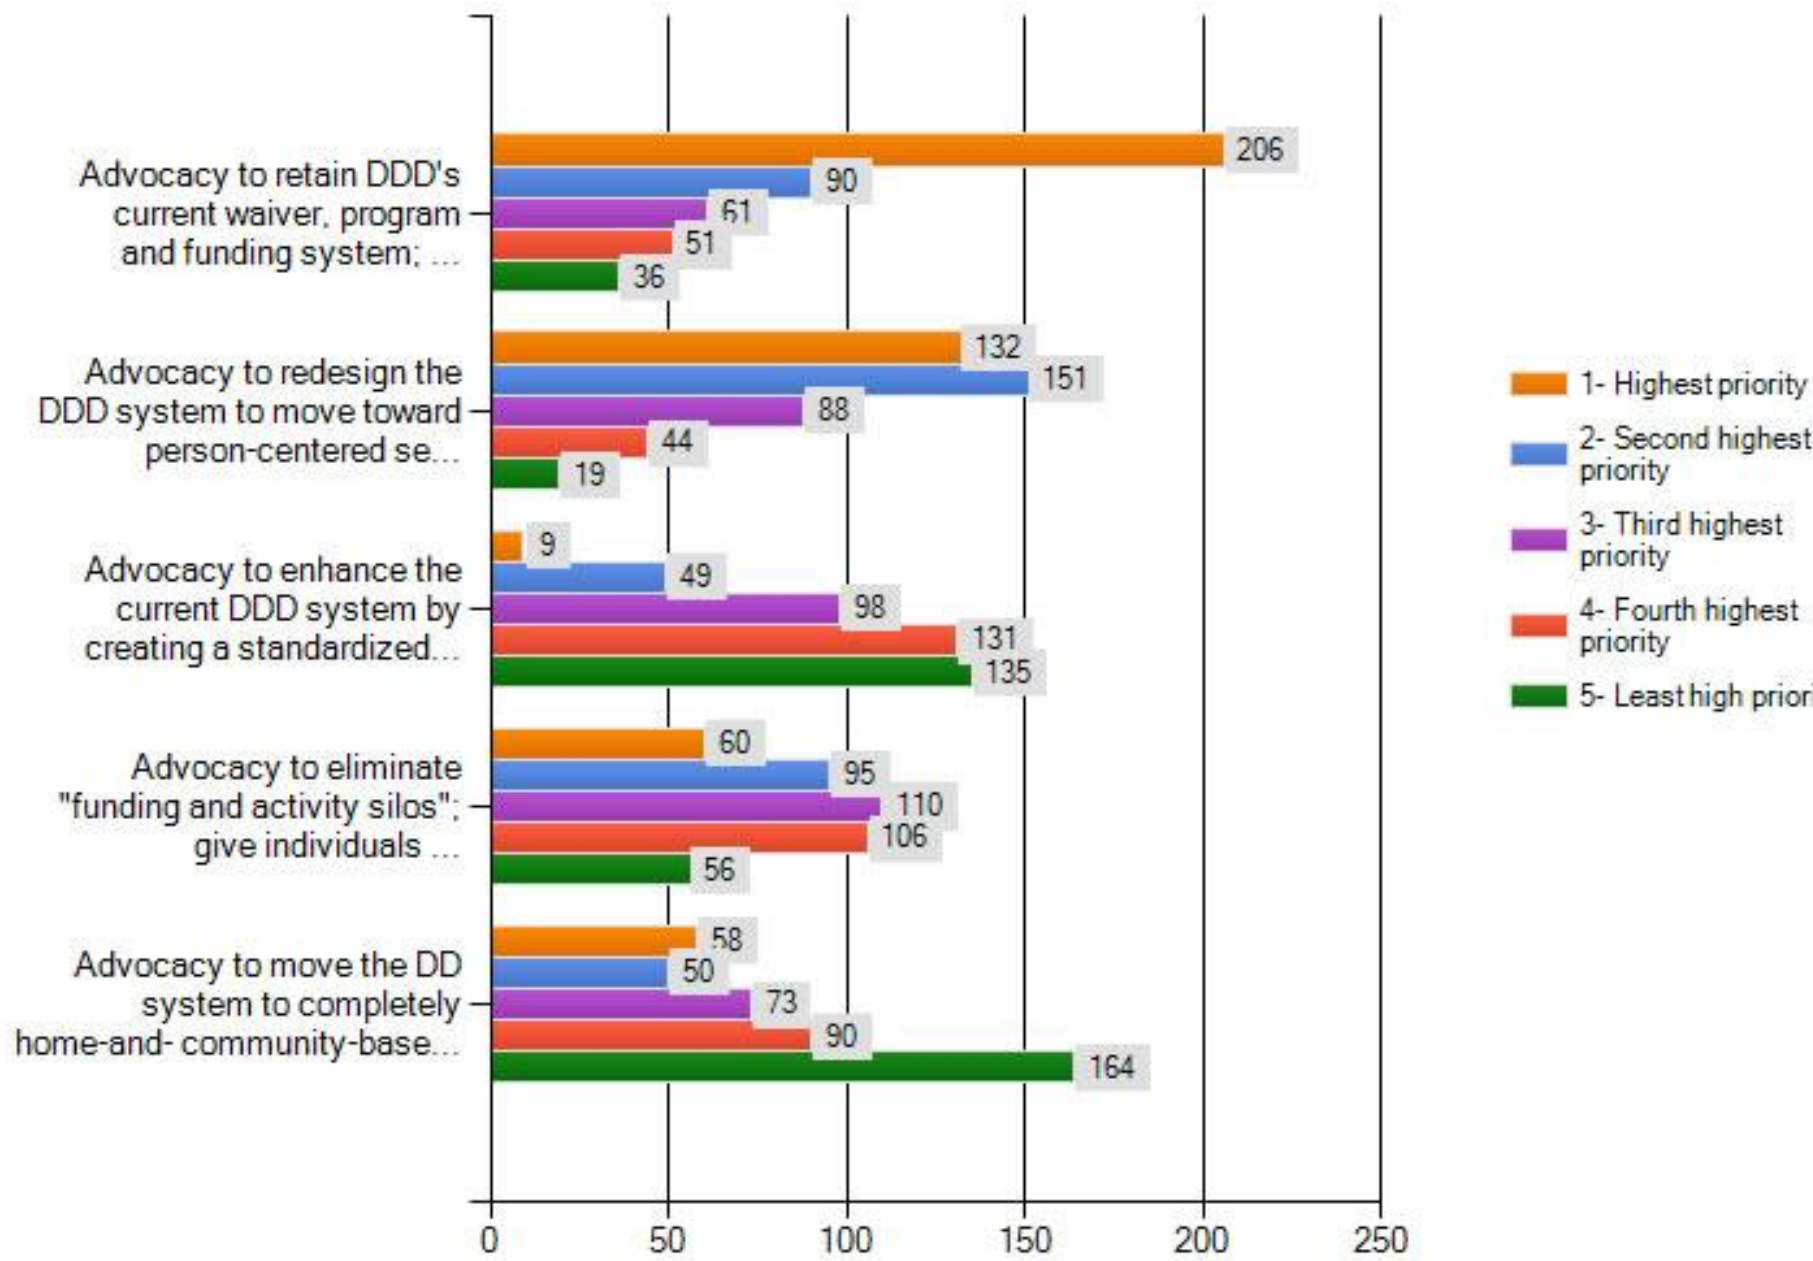

- Identifying the Council's advocacy priorities regarding the DD system
- Select top three areas we should focus on in our areas of emphasis
- What future trends they believe would most impact them
- How communities can be more inclusive

Public Input – State Plan

ADVOCACY EMPHASIS

What do you feel are the priorities the Council should keep in mind regarding advocacy around the DDD system? (Rank from highest to lowest priority)

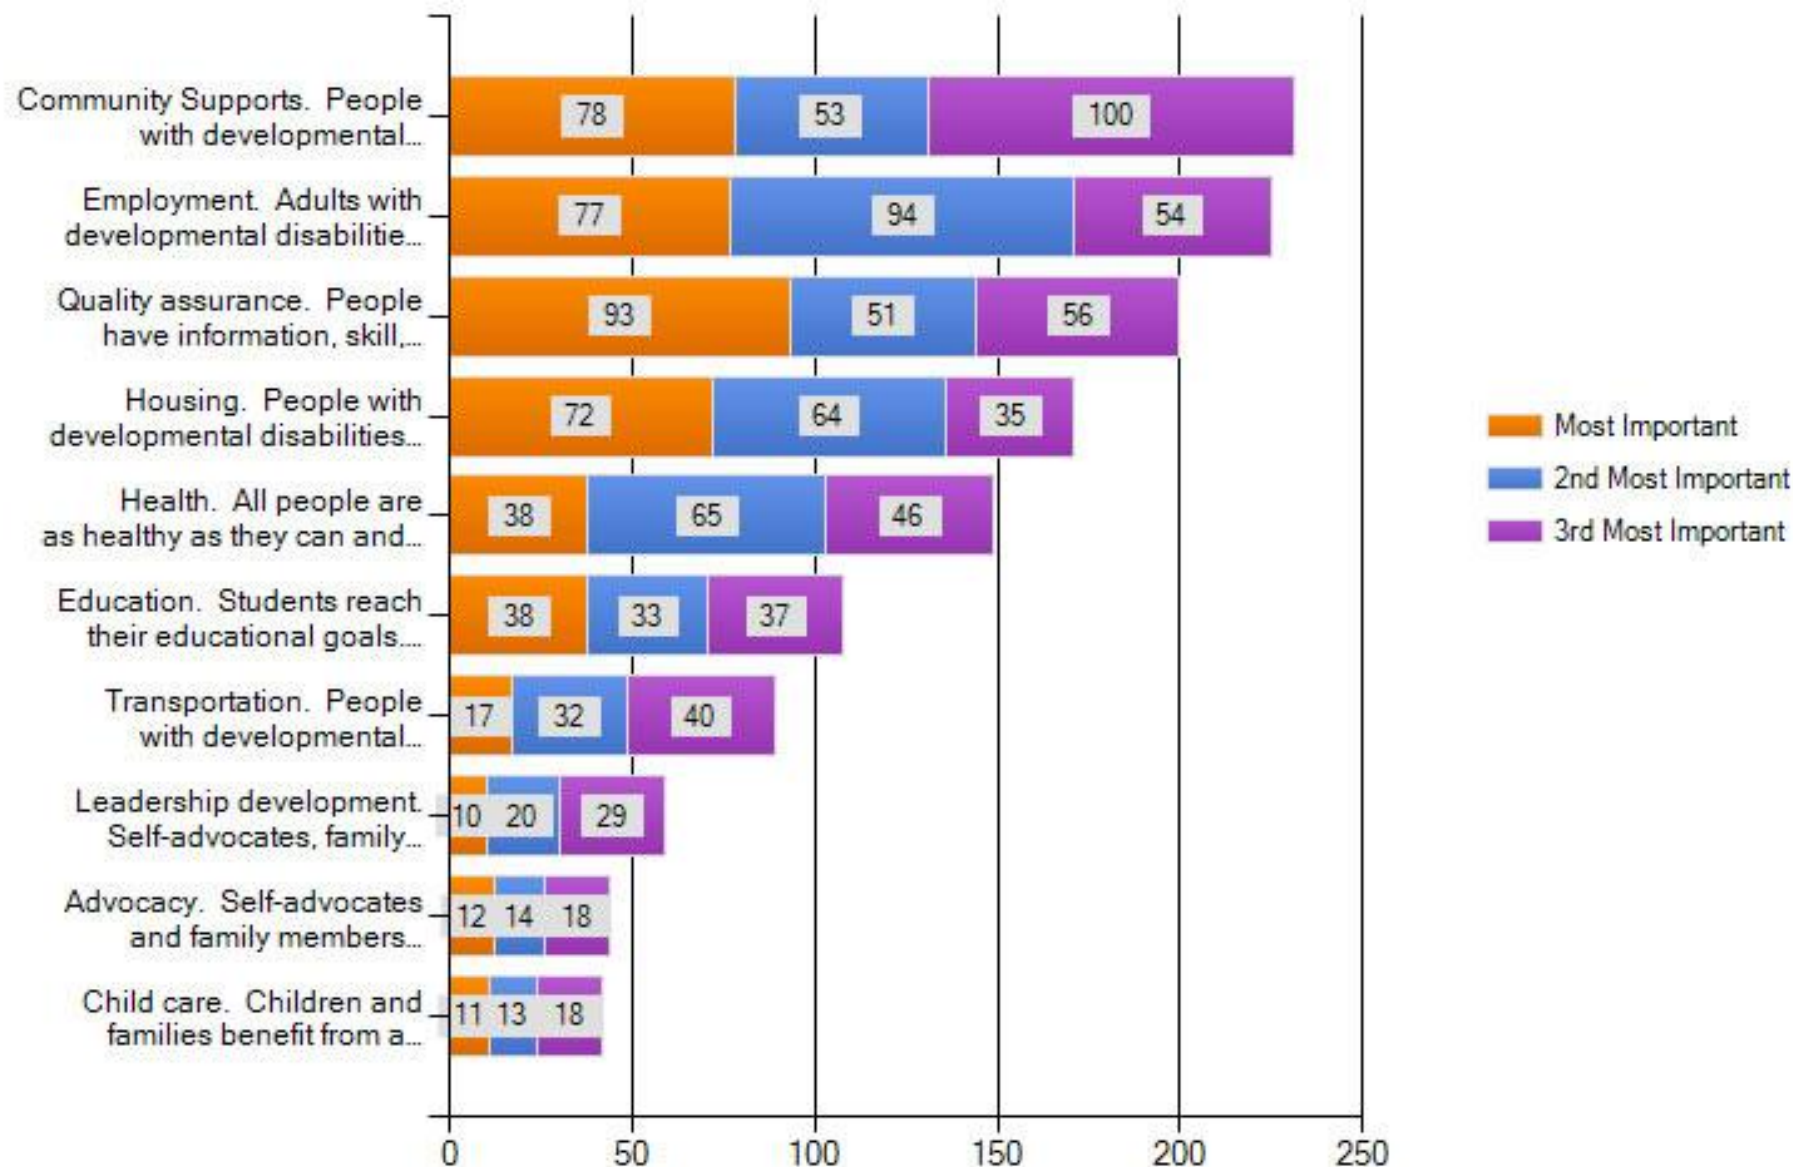

Public Input – State Plan

AREAS OF EMPHASIS

The Developmental Disabilities (DD) Act allows state councils to work on projects and activities in the DD Act's areas of emphasis. What are the top three areas you think the Council should address statewide in its coming state plan?

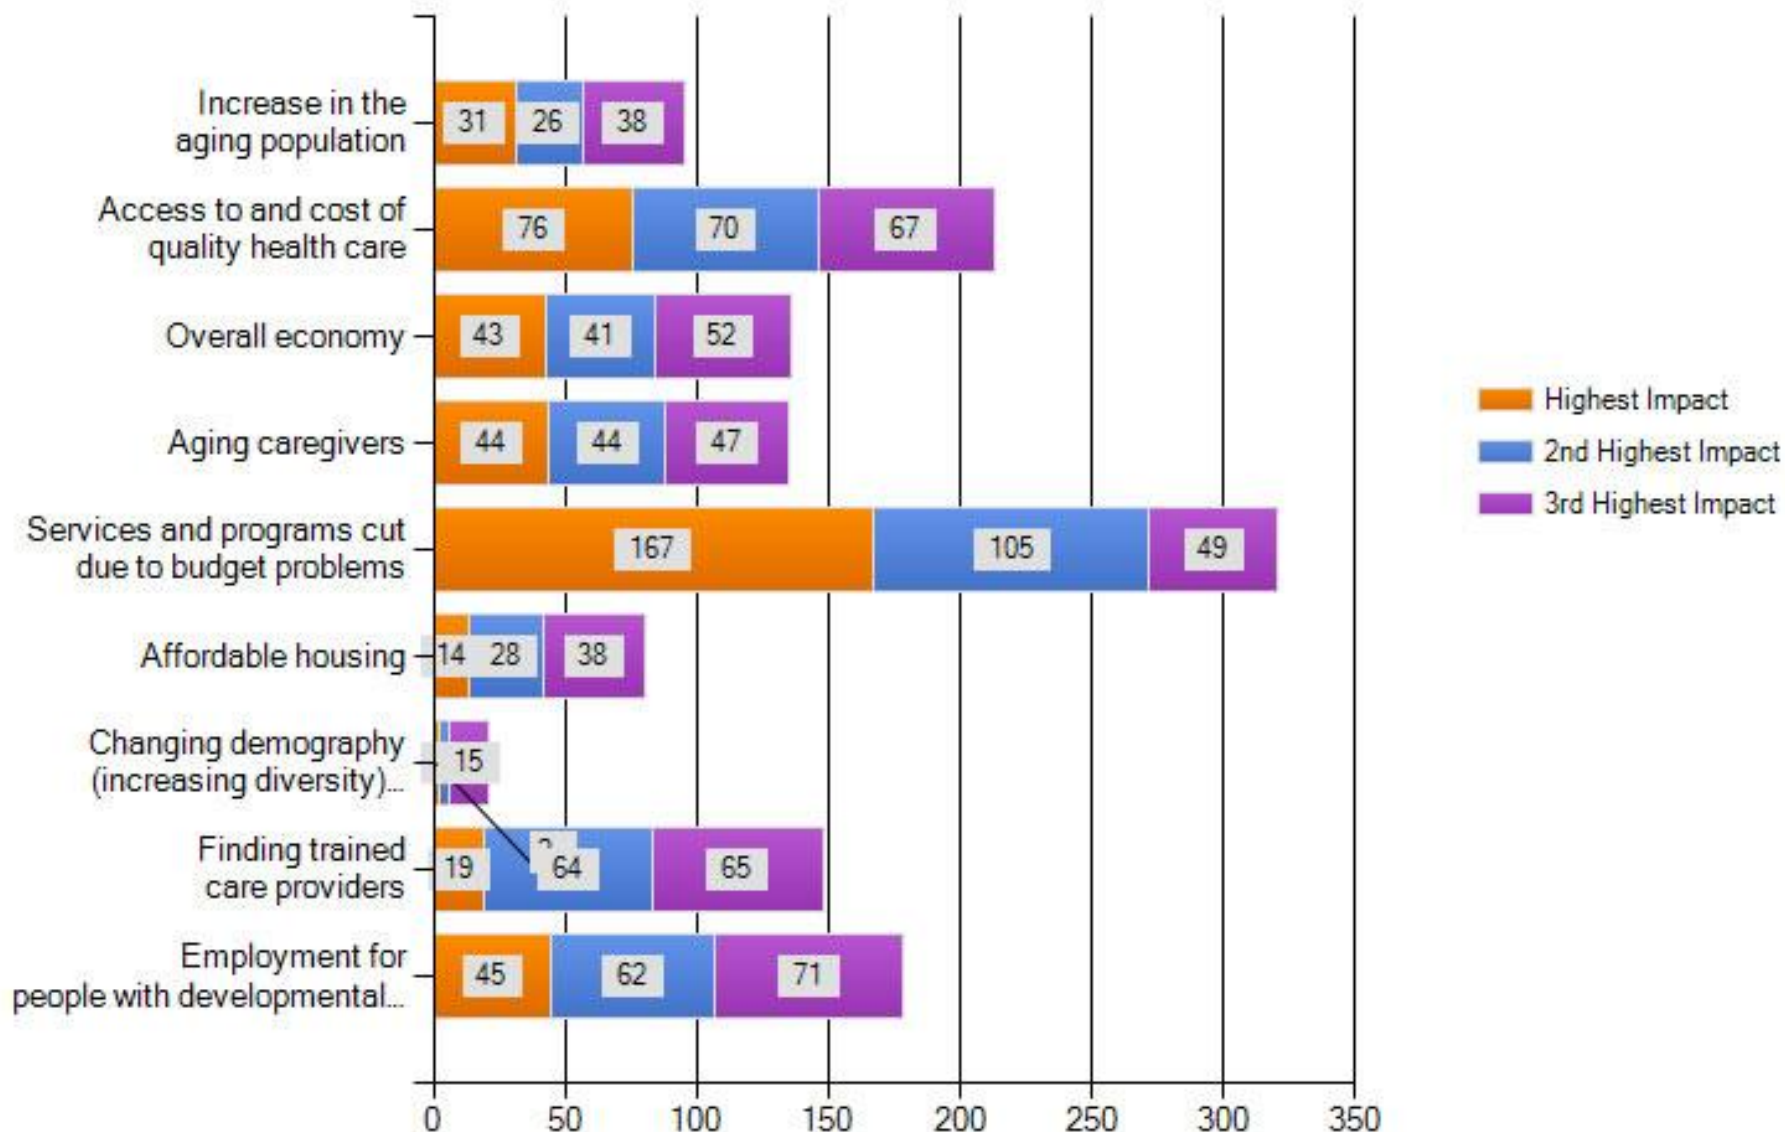

Public Input – State Plan

FUTURE AREAS OF IMPACT

The future is uncertain, but given what we know about our state's population, we can anticipate some changes that may impact the lives of individuals with developmental disabilities and their families. Which changes do you think will have the most impact for you, your family and your community? (Pick your top three)
